Proceedings of the meeting of the Council dated 3-5-1948

68 Opinion of the Managing Committee dated 15-4-1948 that a consolidated allowance of Rs 25/- p m may be given to Mr F Samuel Foreman of the lorries section in view of the extra work involved by the 14 additional lorries of the Health Department entrusted to his charge

Sri T T Sharma observed whether it would not be advantageous to appoint a whole time worker to look after the lorries instead of recommending allowance in the interest of efficient work as also of the person entrusted with the work He said that this additional work and paying an allowance should not prejudice the legitimate work entrusted to him He suggested that whenever such recommendations were made, the implications should be carefully examined and placed before the Council for final approval

The Commissioner replied that the allowance now sanctioned was with regard to the extra work entrusted to him and said that it would not in any way prejudice his legitimate work

The President replied that the fundamentals of the question would be looked into separately and that it was not necessary to go into so much details so far as the present case was concerned

Resolution - Approved

	Replies
What are the legitimate duties of the aobve Foreman? Who is looking after the lorries of the Engineering Section of the City Municipality? Is it not desirable to ave a unified control over the motor vehicles of both the Engineering and the Health Departments of the City Municipality by entrusting both the works to the Foreman after the workshop is formed as such an arrangement would tend toward economy?	1 General supervision of the lorries of the Engineering Section of the Municipality and attending to minor repair and maintenance Mr Samuel Yes but it need not wait till the workshop is built
What are the pay and allowances of Mr Samuel Foreman at present and will he not be benefitted on account of the general revision of scales	Pay Rs 50/- + D A 18 Revised scales Rs 50-5-100 — not substantially
How can he attend to the r-pairs of the vehicles unless there is a workshop?	Minor repairs can be attended to in the present garage with the assistance of drivers and equipment available
The necessity to grant him a consolidated allowance of Rs 25/- per mensem may be examined and detailed report submitted to Govt	Mr Samuel has been attending to the Minor repairs and maintenance of the five vehicles of the Engineering Section only As 14 vehicles of the Health Department are also now entrusted to his care, additional work and responsibility is involved Hence the extra allowance of Rs 25/- is proposed and approved by the Council
